

**In accordance with Chapter 6, Section 2(m) of the Wyoming Air Quality Standards and Regulations, notice is hereby given that the State of Wyoming, Department of Environmental Quality, Division of Air Quality, proposes to approve a request by Wexpro Company to modify operations at the Dry Piney Central Facility, Dry Piney 20 and Dry Piney 18. Wexpro Company requests to modify the Dry Piney Central Facility to document equipment changes, such as reductions in burner sizes and removal of a methanol storage tank. The Dry Piney Central Facility is located in the NW1/4 of Section 12, T27N, R114W, approximately six (6) miles northwest of Calpet, in Sublette County, Wyoming. Wexpro Company requests to modify the Dry Piney 20 with the replacement of one (1) existing 254 hp Caterpillar G398SITA genset engine with one (1) 425 hp (site rated) Caterpillar G3412TA natural gas genset engine, and limiting the operating hours to 7,100 hours per year for the Caterpillar G3412TA engine. Wexpro Company also requests to include the existing thermoelectric generator and fugitive sources with this permitting action. The Dry Piney 20 is located in the NW1/4SE1/4 of Section 4, T27N, R114W, approximately thirteen (13) miles northwest of LaBarge, in Sublette County, Wyoming. Wexpro Company requests to modify the Dry Piney 18 by modifying the hp rating as 295 hp (site rated), installing a new NSCR, and limiting the operating hours to 7,000 hours per year for the existing Waukehsa F2895GU engine. Wexpro Company also requests to include the existing thermoelectric generator and fugitive sources with this permitting action. The Dry Piney 18 is located in the NW1/4SW1/4 of Section 10, T27N, R114W, approximately thirteen (13) miles northwest of LaBarge, in Sublette County, Wyoming. A Chapter 6, Section 2(c)(ii) demonstration in accordance with the Division's Interim Policy has been conducted. Emission offset requirements, if applicable, have been applied to these permitting actions at a ratio of 1.5:1.0 for VOCs and**

**1.1:1.0 for NOx. Permitting actions to date, including this application, have resulted in a decrease in NOx emissions of 0.0 tpy and a decrease in VOC emissions of 19.7 tpy. Therefore, Wexpro Company has met the offset requirements for NOx and VOC.**

**For the duration of the public comment period, copies of the permit application, the agency's analysis, and the public notice are available for public inspection online at <http://deq.wyoming.gov/aqd/new-source-review/resources/applications-on-notice/> and at the Sublette County Clerk's Office, Pinedale, Wyoming. In accordance with the Americans with Disabilities Act, special assistance or alternate formats will be made available upon request for individuals with disabilities.**

**Written comments may be directed to Steven A. Dietrich, Administrator, Division of Air Quality, Department of Environmental Quality, 122 W. 25<sup>th</sup> St., Cheyenne, Wyoming 82002 or by fax (307) 777-5616. Please reference AP-14806, A0000683, A0000684 in your comment. Comments submitted by email will not be included in the administrative record. All comments received by 5:00 p.m., Monday, October 12, 2015 will be considered in the final determination on this application. A public hearing will be conducted only if in the opinion of the administrator sufficient interest is generated or if an aggrieved party so requests.**
